Corrigendum No. 79/2016

With reference to Rolling Advertisement No. IITRPR/FACRECT/76/2016 published in leading newspapers for recruitment to the faculty positions, the advertisement stand modified to the following extent:

1. Under the head educational qualification, the requirement of basic degree in Civil Engineering may be waived off in the case of exceptionally qualified candidates in accordance with the following:
 - (i) Water Resources Engineering: Candidates having a basic degree in Agricultural Sciences/Agricultural Engineering or other allied fields having research orientation towards experimental, theoretical and numerical/modeling aspects of soil-water-plant interaction may also apply.
 - (ii) Geomatics Engineering: Candidates having a basic degree in Earth Sciences with adequate exposure to Surveying having research orientation towards Remote Sensing, GIS, etc. may also apply.

Rest remains the same. Modified advertisement is appended.
