

Kaushal Yagnik

BIOGRAPHY:

2016 CS BATCH, SOFTWARE DEVELOPER @Microsoft IDC, Bangalore

TESTIMONIAL:

Although a skeptical fresher to join IIT Ropar, I have now come out fully accomplished to take up any professional challenge. At IIT Ropar, amidst state-of-the-art infrastructure accompanied by highly intellectual, experienced and supportive faculties, I have witnessed our skill and competence rising to a zenith. The learner centric environment crafted here not only trained us in academic curriculum, but also motivated us. An exposure to a host of international tech and innovation competitions inspired us to expand our horizon of knowledge.

My passion for sports was nurtured, playing basketball and representing the institute at inter-IIT Sports meets which helped me maintain physical fitness as well. The plethora of extracurricular activities helped in inculcating all round preparedness for the sheer competitive world. It was pleasantly humbling to interact with people from all over the country, which helped me hone my communication skills and imbibed a sense of brotherhood. Besides, a geographical location close to serene places like Shimla, Manali offered a great post-exams stress buster. Lastly, having felt so accomplished, I can proudly say that I cherish the glorious memories and lineage to the Alma matter.
