

CENTRAL LIBRARY

Introduction

Central Library of IIT Ropar plays a pivotal role in support of academic and research activities at the institute. The main functions of the library include acquiring, processing, preserving and dissemination of print and electronic information resources. The objective of the library is to fulfill the academic and research requirements of users by providing access to quality resources with appropriate delivery systems and services in order to support the institute to achieve excellence in teaching, learning, research and community services.

Collection development

Collection building is one of the important functions of the library, which supports academic and research activities of the students, faculty, staff and other users.

The Library has developed its collection by acquiring latest books, journals, reports and other reference and information resources in science, engineering, technology, humanities and social sciences during the year. The Library is holding an excellent print collection of over 13000 documents which includes various resources such as dictionaries, handbooks, encyclopedias, reports of research monographs, multi-volume reference works etc. and books on general reading. Apart from this, the library collection also includes CDs/DVDs, e-journals, annual reports, standards and pamphlets in areas of science, engineering, technology, humanities and social sciences. In the financial year 2015-16, the library added 1271 new books to its collection.

Electronic resources

The Central Library facilitates online access to thousands of e-journals through direct subscription and participation in consortia, such as E-Shodh Sindu. The library also provides online access to bibliographic, abstracting and scientometric databases such as Scopus, Web of Science and MathSci.Net. The library subscribes to the following electronic and print resources.

Library services

The library currently provides following services on regular basis:

a) Circulation and Consultation Service

The library circulation operations are automated using LIBSYS-7 software. During the academic year 2015-16, total of 17690 documents were issued/consultations handled at circulation desk to all categories of users. The graph below well depicts the circulation history of text and reference books during financial year 2015-16:

Statistics of Text Books and Reference Books issued/returned/consulted during FY: 2015-16

Document Type	Circulation	Renewal	Sub-Total	% age
Text Books	14383	1336	15719	88.86
References Books	1715	256	1971	11.14
		Total	17690	100.00

b) Reference Service

The library has a separate reference section meant for in-house reading with a seating capacity for 120 students. Reference queries are responded immediately by qualified library professionals on one-to-one and e-mailing basis.

c) Reprographic Facility

During the financial year 2015-16 the library has installed a multipurpose photocopier to provide printing/photocopy/scanning facilities to the user community with the nominal charges.

d) Library OPAC (Online Public Access Catalogue)

The OPAC is one of the most widely used services of the library and it is accessible 24X7. The Library OPAC, besides listing all the documents available in the library, allows on-line status of an individual's account, i.e. checkout status and circulation history, reservation of desired documents, and current status of a particular book. OPAC is searchable by author, title, publisher, subject and with the several other fields.

Apart from above, the OPAC also enables users to browse electronic journals (title, publisher wise) subscribed by the Institute.

e) Institutional Digital Repository (IDR)

Library has developed Institutional Digital Repository (IDR) using D-Space open source software which preserves the research output of the institute such as theses and dissertations, project reports, research articles which are out of copyrights and also it preserves the institute publications.

f) News Portal of IITs

The library taken an initiative to bring all IIT related news (old and new IITs) at one place through the uniquely developed "IITs News Portal". It is an openly accessible portal where anyone can find IIT related news published in leading newspapers with the institute wise searching facility.

g) e-Resources Lab

A separate facility of digital lab is also provided for users in order to access online full-text journals and 5000+ e-books.
