2. The class was interactive but seeing so many concepts for the first time and then understanding sooo much of content in such a short time is very tough. To be honest we were amazed to see sir's energy. I hope sir is not disappointed with performance in exams because the syllabus is vaaaast but the topics were interesting.
3. The lectures were very interesting. Sir motivated us to go through all the details of EMT very smoothly and he was always ready for discussions. The best part was the doubts and discussions of the class.
