reasons) to take exams/extension in project submission would be considered on a case to case basis for completing these requirements along with the continuing students.

2. In courses with students from non-graduating batches, this online examination will be given along with the graduating students. However, if the course is a 1st/ 2nd/ 3rd year B.Tech/MTech core course with only backlog students or a course with a small number of graduating students, the exam may be held only for such students leaving out the rest of the students (for whom the examination will be conducted at a later date).
3. Regarding the lab courses, virtual labs will be conducted, mandatorily for graduating class of 2020. For other students, all efforts will be made to complete the lab components to the extent possible. Students are advised to get in touch with the course instructor(s) for details in this regard.
